a Long mixed path: corner
Normal coordinate (mm)
Incoming-tangent coordinate (mm)
b Corner speed
Speed (mm/s)
Local projected progress (mm)
c Full-path speed deficit
Accumulated speed deficit (m)
Expanded lower range
Executed distance (m)
d Dense corner path: corner
Normal coordinate (mm)
Incoming-tangent coordinate (mm)
e Corner speed
Speed (mm/s)
Local projected progress (mm)
f Full-path speed deficit
Accumulated speed deficit (m)
Executed distance (m)
